Stillwater Accessibility Information for Individuals with Mobility Impairments

Equipment

**Durable Medical Equipment:** Businesses that have items like wheelchairs, crutches and other mobility aids for sale or rent. Some might be able to provide wheelchair maintenance or repair. Contact for more information.

- Cimarron Medical Services – [www.shopcimarronmedical.com](http://www.shopcimarronmedical.com)
- Knight Medical Supply- [www.Knightmedicalsupply.com](http://www.Knightmedicalsupply.com)

**Stillwater Steel:** Possible resource for weld breaks on chairs- [http://www.stillwatersteel.com/](http://www.stillwatersteel.com/)

Transportation

**OSU Transit System:** Fixed route on campus and in the city of Stillwater provides transportation on campus and in the community regardless of destination. All buses are lift equipped or low to ground (i.e. no stairs) buses. Para-transit services assist individuals who are unable to use the fixed route buses due to a disability.

**Taxi Cab Services:** Can be used for point-to-point transportation. Contact for more information. List of Stillwater cab services can be found at [Yellow Pages](http://www.yellowpages.com).

Resources

**Accessibility Advisory Board:** Advise and make recommendations to the City Manager and staff on matters related to accessibility; evaluate projects and activities; review City programs and services; provide technical assistance; review City plans for City-funded projects; serve as positive advocates for citizens with disabilities, serve as resources for the City Manager and staff regarding policies and procedures; and review federal and state regulations and guidelines on accessibilities. Contact the City Manager’s office for more information.

723 S. Lewis Street, Stillwater, OK
Phone-(405) 742-8209

**OSU Adaptive Sports:** The Adaptive Sports Program is designed for students with disabilities by providing and mainstreaming students with disabilities into various activities including Intramural Sports, Outdoor Adventure, Sport Clubs and anaerobic or aerobic workout programs. For more information, contact the Adaptive Sports Coordinator at 744-5510 or look online at [http://campusrec.okstate.edu/adaptivesport/](http://campusrec.okstate.edu/adaptivesport/).
