OSU-STILLWATER COMMUNITY TRANSIT SYSTEM

PARATRANSIT ELIGIBILITY APPLICATION

Revised December 2019
The Bus, Stillwater’s public transportation system, provides fixed route service to all of the citizens of Stillwater. Every bus is equipped with a lift or ramp for those passengers that can not negotiate the steps on the buses. The Bus also offers a Paratransit service, which provides door-to-door service (as modified by FTA guidance for origin to destination for individuals who cannot use fixed-route service to make their trips). The Paratransit service area complements the fixed route system and utilized guidelines established to be eligible for this service, functional limitations of an individual’s disability must prevent use of a regular fixed-route service. Age, distance to a bus stop or inability to drive, by themselves, are not taken into consideration in determining eligibility. While your doctor’s verification of need is required for application, the final determination of eligibility will be made by the Paratransit ADA Certification.

Eligibility for use of Paratransit Services is determined by review of application and verification provided by Health Care Specialist.

Use of the OSU-Stillwater Community Paratransit service is based on the service area, which can be found online at http://www.parking.okstate.edu/

Applicants for Paratransit service should complete Section I, Parts A through C. They should then provide their physician with Part D, to be completed by them and returned to applicant.

If you are able to use the fixed route bus system, but wish to apply for a disability card to receive reduced fares and priority seating, please complete the Disability card eligibility application in Part E.

Parts A through D, along with a photocopy of a picture ID, should be returned to:

Section I, Part D Professional Verification
to be filled out by Health Care Professional

Dear Health Care Professional:

You are being asked by ____________________ (applicant) to provide information regarding their ability to use our transit system. Federal law requires that OSU-Stillwater Community Transit provide Paratransit services to persons who cannot use fixed-route transit services. The information you provide will allow us to evaluate this request and its application to specific trip requests. Certification to use this service will not be based solely on your verification in this document. Thank you for your cooperation in this matter.

To qualify for Paratransit services, a person must be unable to use regular public transit due to physical or cognitive disability. Individuals qualify if:

1. as the result of their disability, they cannot board, ride, or disembark a OSU-Stillwater Community Transit fixed route bus (all fixed route buses are lift-equipped); or
2. they have a specific impairment-related condition which prevents them from getting to/ from a bus stop.

PLEASE NOTE: This does not include persons who find it uncomfortable, inconvenient, or difficult to get to and from bus stops.

Resources for this program are limited and your evaluation of each person must be based solely upon the individual’s ability to use regular transit. Your verification should consider only presence of a disabling condition, not the applicant’s age or economic status. Please exercise care in evaluating applicants for this program. Evaluation is based on federal guidelines are used for establishing paratransit accessibility. The determination will be applicable for use on any of the nation’s ADA compliant paratransit services.
